*A grouping of prayers and heart felt inspiration  
revealed by God from 15 August, 2000 to the  
present time.*

Receive the light  
Christ will make you right  
He will hold you close  
Love you strong  
Peace is yours  
It won't be long  
Amen

Mercy we cry  
Mercy we cry  
Lord sweet Jesus  
Mercy Lord  
Mercy on our souls  
Mercy dear Lord  
Mercy  
Amen

Can't explain the mystery of God  
But I can feel the result of His love and see the effects of His existence.  
I also can see the result of his absence.  
So in reality there is no mystery only closed eyes...  
Amen

Tight circles  
Mankind likes tight circles  
Cause and effect  
Action reaction  
Step away  
Ride the wave of chaos called faith  
Where things happen  
Beyond explanation  
When mans understanding fails  
Now you are in the presence of God  
Quantum physics or  
Quantum faith  
To man's ignorance  
To God's great lake  
Bless us Lord we seek to understand.  
Amen

God Spoke;

It is my will that all you do honors your brethren. Do not hurt the ones I have sent you to love. Pace your heart to my stirring so the rhythm of my love sounds through you like a song. Lyrics of kindness. Passion of my Holy Fire.

Reach up with your heart to me and I will shower full, the peace of my assurance to eternity. This is no uncertain song but a song to the ages of my power and the strings of my contentment. The melody of my wisdom ringing in your ears seeking a voice.

To this be true my precious ones

My heart joy, filled to the compassion of need to honor my call, for you a song. A song of Love and compassion and truth. Sing it strong little one. Sing it to the corners of all you see. Sing it little one  
Then sing it to me.

-----  
It is done.

Thank you my Father glory of all to you I worship alone the creator of earth the Master of time to you I offer my love. I praise you for my gift you have given me unearned and the Grace you offer me anew. I Love you with all my heart dear Lord and my one true wish, to fellowship with you servant to King.

AMEN

The Truth  
The one true Father  
The never changing One  
The unending Song of hope  
The source of Peace everlasting  
The single most powerful King of all Kings

He owns the world and all that is in it  
I offer praise to the King my God most high

Forever may his peace fill the souls who love him.

The Lord sang to me this song of love in my heart;

Time is now my precious ones.  
Time for all of you to reach inside yourselves.  
Reach inside yourself to the one true thing within you.

Me

It is my will that all you do honors your brethren. Do not hurt the ones I have sent  
you to love. Pace your heart to my stirring so the rhythm of my love sounds  
through you like a song. Lyrics of kindness. Passion of my Holy Fire.  
Reach up with your heart to me and I will shower full, the peace of my assurance to  
eternity.

This is no uncertain song but a song to the ages of my power and the strings of  
my contentment. The melody of my wisdom ringing in your ears seeking a voice.  
To this be true my precious ones

My heart joy, filled to the compassion of need to honor my call, for you a song. A  
song of Love and compassion and truth.

Sing it strong little one. Sing it to the corners of all you see. Sing it little one  
Then sing it to me.

It is done.

Thank you my Father glory of all to you I worship alone the creator of earth the  
Master of time to you I offer my love. I praise you for my gift you have given me  
unearned and the Grace you offer me anew. I Love you with all my heart dear Lord  
and my one true wish, to fellowship with you servant to King.

AMEN

Lord God my father forgive my shortcomings and my sin Lord.  
In Jesus name and by His sacrifice on the cross. I plead the blood of Jesus.  
Thank you Lord for your sacrifice and power for me.  
God I come before you now asking your divine guidance.  
Your word is strong and I do not want to be deceived by the devil;  
I ask your Holy Spirit to come now in power and bless me  
So I may hear your words clearly.

The Helmet of Salvation  
The girdle of Truth  
The breastplate of Righteousness  
The shoes of the Gospel of Peace  
The Shield of Faith  
The sword of The Spirit; which is the Word of God.

I sit now the Angels warring against things I do not even begin to understand.  
Yet I know the Angels do. I believe the Angels do.

I call strength to those warring Angels in Jesus name, may the peace of Jesus  
Conquer all.

Father, protect my family now with the blood of Jesus by your authority alone in  
your Glory in the name of Jesus.

Father bless all who seek your heart and the ones who come looking for your word.

Father call the lost and bless them with the Word; Jesus.  
I pray all this in the mighty name of my Lord and Savior Jesus Christ.

Our hearts are containers they fill with what they are fed.  
The devil will lie to your very soul to discourage you.  
Seek the Word; Jesus.  
Come now Holy Spirit Bless us in Jesus name.

Brothers and Sisters,

I love you and wish to share an amazing revelation pure in its wonder.  
For a moment in time I was once again a true child.

I was walking in a December rain astonished at the simple beauty of the creation of God. I was praying and enjoying the silence of each rain drop as it hit the ground. Little streams gurgled as they sprung to life because of the rain. I heard every sound as the streams played along the small stones in their path and gurgled in determination to seek lower ground. I heard the bird song guttural coo's such as I seldom have heard. The water droplets formed at the end of branches and I pursed my tongue to catch their refreshing moisture. My walking stick clicked as each step brought it up, forward and down again. I prayed to the Lord our God in wonder at his creation I was at peace.

I stepped out of the woods my shirt soaked with cold rain and the wind chilled my face. I had not intended to walk long but I could not bring myself to end my prayer and I was enjoying the overwhelming sensory flow as I walked along in the woods. Across a large parking lot was the building I was going to. I intended to cut directly across the lot. I was feeling the cold a little and wanted to get in out of the rain which had picked up.

As I made the decision to cross the lot from the wood to the building. I heard such a small sound that I could almost have disregarded it as nothing it was slight and only happened once. I turned towards the sound and I felt the Lord say "go over that way". I said but Lord I was going this way it's faster and I'm getting cold. God was silent. I went His way towards the sound a beautiful little creek had formed the water rushing down a grass lined ditch carrying leaves and twigs vortexes spinning this way and that. I walked along the bank, forgetting the cold.

I spied a small immature slash pine, its needles bushing out of it looking like a porcupine. The tree was about six feet tall. The needles glistened with tiny droplets of water. Each time the wind gently stirred the small tree would glisten.

Suddenly I forgot the return to the building out of the rain. At once all things forgotten I stood in awe of God's work.

God said;

The destination is Heaven, do not concern yourself with the destination. It is the journey that is important to me. Serve me.

And it was done.

I felt the hand of God touch upon me, calming my troubled Spirit.

In an instant I was assured the destination. Now all I need to do is focus on the Journey and Honor my God by serving Him.

Accept the Lord as your savior and your destination is assured.

Forget it and focus on the journey home. The very next second of your life is part of the journey. Enjoy that second, guard it for the Lord. Do not waste one step. He gave them to you because he loves you and has things for you to do.

AMEN

Fire, the Word of the Lord prevails  
Fire, as all else fails

Do not be filled with sorrow, do not weep

Our God is strong though we are weak

The stir you feel deep in your soul  
The love of God, our only goal  
We walk in him a special joy

Can you see the ocean?  
Can you see the sun?

All things by God's hand are completely done

Do you feel the wind?  
The touch of rain?

Things provided, all in God's name

No place for sorrow  
No place for fear  
Your God, he loves you  
He's ever near.

Rest now child  
Only hold hope

He will come.

Amen

Time yields it inconsistent edge  
Who can know the time when we all  
shall meet the Maker.

A Bride we'll be one who desires  
the One. What will become when man's  
time is done can only be linked to  
just One.

Lord God, his is all. We came from  
him, we reach to him, we weep to him  
and to him we leap.

The heart it beats, the hand holds true.  
White are we from mercy alone.

Jesus has come and interceded for us  
to the one true God. We are washed in  
his mercy, covered by his blood.

He paid our price. Not to be thanked.  
He died for us with no call to his own.  
He held us up, made us his own.

Do not wait go to the Altar, worship  
as he calls. It is he that created us  
that is the one who calls.

To falter is death, do not fail.

Stride true, wash yourself in his  
Love. Remove your pride, ask for  
forgiveness. Go to your knees, he Loves  
you dear child and begs you to see.

The gift of his Love, total and true. He  
died not for him but only for you.

Harken his call walk past it all  
into his arms. Feel his Love, for he is  
the One.

After this you will know the first  
step, so seed can grow, reach to the  
heavens freed on his word.

Know your cry of mercy is surely heard.

Count on him always. In prayer to him go,  
so he can feed you and help you to grow.

There is work to be done. So move, make  
haste. One single soul is not yours to  
waste.

Move on my sister, move on my brother.  
Now is the time, there will be no other.

Close down yourself, to him must you yield,  
with a white heart and the Word as your  
shield.

Walk to the place that you may fear. He  
will protect you, of this he is clear.

If that place is within, just let him in.  
I promise my love the healing begins

If you are strong and walk in his will  
you will walk through the world touching  
who he wills.

Shaking of spirits, demons will run. They  
know of the power and of who it does come.  
Jesus the source, the Spirit the teacher.  
No fear, no doubt.

So get yourself moving. Jump and shout.  
Praise him in open, call loud on his name.  
Do such so all can see your witness, be not  
afraid he is with you and strong all power  
and glory to him belongs.

Move to your duty, your life must be lived.

You have no call or reason to drive his love  
and understanding, directions he will provide.  
So call on him in love and honor.

Worship the Lord.  
Obey your Father.  
Amen

Thy Kingdom Come...

Thy Will Be Done...

On Earth As It Is In Heaven...

Restrain/Proclaim

Show/Go

Jump/Run

Make Haste until it is done.

Do not falter. Go to the Altar.  
All will be given to stand in your living.

Fear not hold Him on high, so  
you and your witness can never die.

Power to Christ our Lord.

Amen

The Fire burns deep.  
My life starts to leap.  
The fear within me builds.

When will he chose me?

Where will I go?

What job has he for me?

How shall I know?

The hunger it drives, he fills you  
inside. Making you clean so as to  
represent him King.

Do not fear this for he loves you  
so. For him are you born. To him  
must you go.

To God all the Glory.

Amen

True Heart  
Strong fight, long, no power.  
Pray to Jesus at your darkest hour.

He will move and purge your Soul.  
He will come and not let go.  
He will hold you through all your fear.  
He will help you see more clear.

The one thing he asks is to yourself be  
true. Hold Him on high, make sure it is not  
you.

Vanity sweeps, causing good men to lie.  
to Jesus you must live, to yourself you must die.

True Heart my Brother.  
True Heart my Sister.  
True Heart before God.

Stand with the Blood of Christ covering you.  
The Spirit within.  
The God od all will welcome you in.

Warning to all one offer of sin, True Heart  
must you reach to, True Heart within.

Let Jesus be in you.

Keep your eyes to God

Amen

Convicted

In shame

Convicted.

Feel the pain

Convicted.

I have no place

Convicted.

God turns his face

Convicted.

Though I fight for the Soul,  
I lose all I hold.

Convicted before God.

Inside demons strive  
love fights denial  
a heart buried in pain.

Yet still there remains,  
one burning ember  
warm and complete.

The seed of God  
hope for the weak.

You feel it pull but still  
you ignore. No hope for me  
but there is much, much more.

Jesus' gift it is free  
the love as in me.  
Forgiveness of sin.  
Blessings within.

No more can demons strive.

No more hatred survives.

God burns you inside. Reach  
for him children.  
In him there is hope.

Pray to him now...

“Jesus please give me hope.  
Forgive me my Lord from all of my sins.  
Into me Lord, please live within.  
I surrender my Soul, my body, my mind to  
you my Lord Jesus take all of my life.

To see you Lord Jesus, feel love without end.  
No longer “Convicted” washed free from all sin.

I accept you Lord Jesus as my Savior and friend,  
I will praise you dear Lord Jesus in all  
that I am.”

“Convicted” no more. Sins lie on the floor.  
Washed from me by the blood of only Jesus who gave his life so  
I might live. Thank you Lord Jesus, for all that you did.

Praise God

Amen

Jumping through circles  
Counting what cost.  
Wrestling with demons.  
Saving the lost.  
Turn to your Lord now.  
Jesus is true.  
He holds out his hand now.  
Meant only for you.  
AMEN

A sinner lost dear Father have mercy on me!

AMEN

Taste of forever  
Love never lost

Ultimate sacrifice  
No measure of loss

Jesus he loves us  
Died on the cross

Rose again mighty  
paid all our cost

No one in power  
Can steal him from you

His ultimate sacrifice  
Blood spilt for you

Walk in his love children  
call on his name

In Jesus find love  
Never ashamed

AMEN

The stillness of a heart beat, joy then death  
Yet if you live in the fire of the Lord, they remain the same  
He has not brought you here to die  
He has called you to live  
You need not fear  
Only Come!

This was written as a result of me praying in earnest for his will to be mine and in the end heart break as His will was His Will and I had to surrendered mine, along with some cherished children.

The Lords perfect wisdom.  
The pain it can cause  
The wonder of ages follow what cost.

We feel we know purpose  
But really have none  
Except what the Father  
Would see that is done.

We love for a season, hold tight to what is.  
Never seeing my brethren its really all his.

The way we move closer  
Assume his pure will  
Sometimes marked asunder  
To him return still.  
He sees the long way  
The time of us all.

We see the here now  
Our vision so small.  
Our heart hurts with pain now  
His will not our own  
Plans for the future must be just his own.

If he is to Lord then it must be this way.  
Hold for a season this moment this day.

Tomorrow he might change it and run it around  
To sit his pure purpose.  
His will be found.

I stand in amazement hurting yet still.  
In wonder of his glory in reaching his will.

Never seeing the shine of the end of the candle  
until I am there no purchase no handle.

To grab at the fire , of his one true way.  
To realize true humble

To see only his way.

No power to move men  
No means to change  
I must sit at once now and just call his name.

Jesus my Lord of Lords  
Jesus my King of Kings  
Your will be done.  
Praise your wisdom Lord God  
Praise the love of your Son

My heart filled with praise now  
the sorrow is done.

Your true heart Lord show it and then hold me close Lord Jesus until I'm happy  
again.

My eyes like clouds can't see the true way so thank you Lord Jesus.  
Praise you always.  
No sorrow left  
Praise time is here.  
He is my one true Lord and nothing I'll fear.  
Amen

I had to read this one several times before I got it. I am always amazed at what he gives me to write. It is always a joyous surprise to read it. A prayer of instruction and hope.

The mighty shall fall  
They can hurt you  
On Jesus you call  
Their power fleeting  
The mighty shall fall  
They can come against you  
On Jesus you call  
Their purpose confounded  
The mighty shall fall  
They can cover your eyes  
but never your soul  
Your spirit calls to Jesus  
inside it grows  
On Jesus you call  
The mighty shall fall

AMEN

Jesus God's Son  
With us now one  
Let the healing begin  
The value you hold  
So much yet told  
In service to our God

He is within you  
Making you whole  
The deep cleansing fire  
Bringing you home

To measure the cost  
Of when we were lost  
serves no purpose  
When Jesus, God's Son  
With us became one

Our Lives Just begun!  
New! Clean! Saved!

Rest in that peace  
Use it to prepare yourself  
Find your release

Rest in the peace that Jesus provides  
But do not sleep there is work to be done  
AMEN

This the Lord Gave to me. I offer it as a testimony to you who will receive it in Love.

Brothers and sisters music to my ears from God to lift my soul, I offer it to you as a song of joy let it fill your hearts and be at peace.

Sing of Joy and Love

Saints rejoice in the glory of God

To sing the song of Joy and of happiness is sweet music to the ears of our Lord

Rejoice in his Glory, come to fill us in Love and wonder

Reach to him as a father and then again as your Lord

See all the Glory he has to offer.

Overcome your doubt

Overcome your hesitation

What call more do you need but the Father's

Do you sit as a stolen one or as a child of God?

Do you fear what the sacrifice only to find his love?

To what will you smile if not the power of God in your heart?

Can you reach?

If yes then only reach to the Father.

If you feel dirty, only praise the Lord.

If you feel unworthy, only praise the Lord.

How much will you carry before shouting enough and releasing it to the one true God that loves you forever with no end?

Do you feel pain, remorse, anger, disillusion? What is the source?

It matters not what you feel, only turn and praise him! Cry to your God and he will answer.

Do you believe he is King? If yes than who else do you need? Is there anything you can provide that will be enough except your total surrender to the one who gave his all for you? What do you stand before your God with in your hands? The feelings of despair, anger, anguish, hopelessness or do you yet turn unto the Lord and hold his hand in yours as you face the King?

You see, to hold his hands, yours must be empty. You need to release all those things that are in them that you carry day to day. They are the lies of the deceiver All sent to draw your heart away into pain that Jesus already suffered for you at the cross.

In sin? The answer is simple. Turn to your Lord and Savior and surrender the sin to him and then repent. It is done. Now seek the Glory of God let him come into you and fuse his peace to your Spirit and Soul, they are his and he loves you.

Be at peace now in Jesus name.  
AMEN

The time of your struggle is at an end. It is time to heal because there is work to be done.

AMEN

Forever the over-comer stand with you and all of yours in love and joy. Covered each of you in the mighty sacrifice of blood found in Jesus Christ. His glory and mercy and grace rain down upon all of you in the name of the King Jesus Christ.

A prayer of seeking forgiveness, in repenting the ways of the flesh of man.

Forgive me Father for hanging onto my roots as if they were  
what feeds me instead of your Holy Word.

Forgive me Father for reaching back to speak now and help me  
overcome what it is my flesh finds so interesting about the dung  
of life before I found you.

I will never return to what I was, I have no action, I make  
no moves, I will never be in that place again because you are  
mine in love but time to time I am brought to  
remembrance to a situation in my past and it draws me in.

I should be repulsed but I find myself reveling  
in the thing instead. I am flesh Lord God and I am unable to  
overcome if not for You in me.

Have mercy on me in the name of Jesus Christ and remove  
those things not of you from me now in Jesus name.

AMEN

Please brothers and sisters Be blessed in Jesus name. Seek His heart.  
He loves you!
